PERMISSION TO WALK FORM

Dear Parent(s)/Guardian(s)

Throughout the school year students may participate in supervised school activities, events and learning opportunities that will take place in the form of local walks.

The following permission form grants permission for your child to participate in supervised school activities, which involve walking within a radius of 5 kms.

ELEMENTS OF RISK

Educational activity programs which include a walking component involve a certain element of risk. Accidents may occur while participating in these activities. These accidents may cause injury.

These accidents result from the nature of the activity and can occur without any fault on either the part of the students or the facility where the activity is taking place. By choosing to participate in the activity, you are assuming the risk of an accident occurring.

The chances of an accident occurring can be reduced by carefully following instructions at all times while engaged in the activity.

If you choose to participate in supervised school activities involving a walking component you must understand that you will bear the responsibility for any accidents that might occur.

The Simcoe Muskoka Catholic District School Board does not provide any accidental, death, disability, dismemberment or medical insurance on behalf of the students participating in this activity.

We have read the above. We understand that in participating in the above noted activities, we are assuming the risks associated with doing so.
